TOOLS & EQUIPMENT COMPANY

Heavy Duty Impact Sockets

- Hot-forged sockets of professional quality
- Standard and deep
- 1", 3/4" and 1/2" drive
- Made of high-grade CHROME MOLYBDENUM ALLOY STEEL for long life, safety, and durability of sockets
- Heat treated for the best combination of strength and impact resistance.
- Optimum wall thickness design for strength and access to fasteners
- All dimensions meet industrial specifications
- Black phosphate finish for rust proofing
