

MotionLock Grab Pad™

A new innovation of intelligent non-slip technology

The Grab Pad is a fun, tacky gel pad that will secure everything from your cell phone, sunglasses, keys, hair brushes and more. The Grab Pad features patented Tak Logic Technology, is easy to wash and environmentally friendly. Despite it's sticky and flexible texture, it won't leave residue nor odor on your prized accessories. It's a must-have for office, home and traveling. Simply peel and place. The Grab Pad will grab just about anything!

Get Locked Down!

Holds Anything In Place

- It's a must-have for office, home and traveling. Simply peel and place. The Grab Pad will grab just about anything!

No Residue or Odor Left On

- Despite it's sticky and flexible texture, it won't leave residue nor odor on your prized accessories.

Wash and Reuse

- The Grab Pad features patented Tak Logic Technology, is easy to wash and environmentally friendly.

Versatile Use Across Environments:

- **Automotive:** Keeps tools, parts, or personal items from sliding in vehicles or tool trolleys.
- **Marine:** Ideal for storage compartments or galley surfaces that face constant motion.
- **Camping & Leisure:** Secures items in camper vans, tents, or mobile kitchens.
